### **DETAILED ACTION**

This Office Action is in response to the Amendment filed on September 22, 2005. Applicant's cooperation in amending the claims to overcome the claim objections relating to indefinite claim language is also appreciated.

Applicant's arguments, see Pages 7-9, filed on September 22, 2005, with respect to claims 1-21 have been fully considered and are persuasive. The rejection of claims 1-21 has been withdrawn.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or renders obvious the claimed combination of a turbocharger system with a low pressure compressor and a high pressure compressor including:

**" Regarding claims 1, 9, 14, 20, and 21:**

*a diffusing section adapted to decrease a velocity of the flow of fluid; and a flow de-swirling disposed between the diffusing section and the main body outlet, the flow de-swirling section adapted to straighten the flow of fluid."*

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
